

Learning Insight Application Journal
Activity #1.

Rate personal level of perceived proficiency for each of the “In Fulfillment of Their Mission Pastoral Tasks:

1. **Novice** – Little to no experience in this area and need a lot of development
2. **Approaching Proficiency** – Had some experience/education in this area and could do rudimentary ministry.
3. **Proficiency** – Has significant experience/education in this areas and would be able to many ministerial needs in each of these situations.
4. **Above Proficiency** – Have specialized training, and advanced work in this area and would be comfortable in nearly every ministerial situation.

Pastoral Task	1	2	3	4
Visits the sick and others in need				
Counsels parishioners				
Offers spiritual direction				
Provides assistance or referrals to social/community services				
Responds to crisis situations				

For your top scored behavior, what is one PRACTICAL way you can capitalize on your area of strength?

For your bottom scored behavior, what is one PRACTICAL way you can increase your proficiency in this behavior even a little bit?
